

WINONA COUNTY

ASAP

Alliance for Substance Abuse Prevention

History

What

Community-based coalition that uses a public health approach (science, not scare tactics) with a variety of prevention strategies (policies, systems, environmental changes)

Why (vision)

To be a community that:

- Is free from the negative consequences of alcohol and substance abuse
- Is well aware and knowledgeable about making healthy choices, especially around alcohol, tobacco, and other drugs (ATOD)
- Supports youth in their healthy life goals so they are not hindered by the substance misuse

Mission

Create a culture free from the misuse of alcohol, tobacco and other drugs for our youth by working together with everyone in the community.

Board of Directors

Staff

Project Director

Deb McClellan

deb.mcclellan@livewellwinona.org
