Student Success Coach Referral Process

Student Success Team decide to make referral and completes the Student Success Coach Referral Form

Student Success Coach Assigned

Student Success Coach Engages Family and Student with agreed upon goals

Progress Monitored

Support Exit or Goal Revised

Referral meets one or more of the criteria:

- Improve and/or increase communication with family
- Improve student's school attendance
- Assist family in accessing community resources (housing, income, food)
- Support family in building a healthy routine for student at home
- Assist family in accessing mental health or substance abuse services
- Assist student in building a connection to school (after school activities, sports, clubs, etc.)
- Support family in joining with the school team to meet student's needs (attend IEP meetings, attend student problem solving meetings, return school phone calls, etc.)

Student Success Coordinator will review referral and assign a Student Success Coach. Referral source will be notified who has been assigned.

Student success coach will engage with the family and get agreement on goals that match the teams identified areas of need. *Building Teams may communicate other appropriate needs and goals can be added during service provision.

Student Success Coach will communicate agreed upon measurable goals with referral source, and monitor and report progress to the building team.

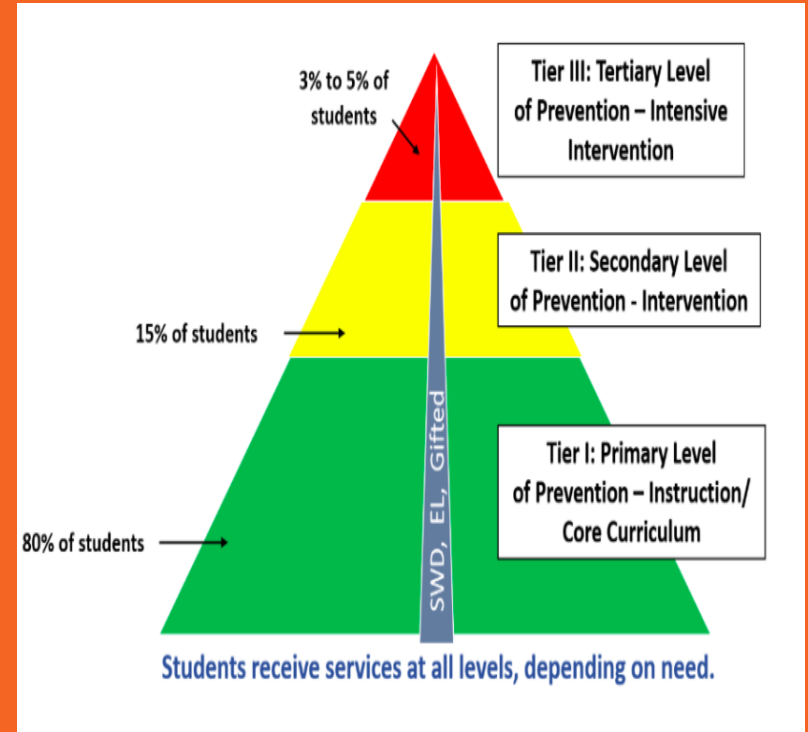

If family/student successfully meets identified goal(s), they can be exited from the support. Alternatively, if progress is not being made, goals will be revised. Building teams will be updated if either occur.

Key Points in the Referral Process
